Wintertime Construction Practices

As a reminder with cold weather fast approaching you’ll want to plan accordingly for cold weather construction. Typically the cutoff date for exterior grading and concrete is November 15th, weather dependent of course. The following winter time construction practices shall apply:

- Exterior concrete and grading will need to be complete before the frost enters the ground
- Cold weather protection of foundations (frost blankets, straw and/or heat) is required for concrete placed during the winter months
- Masonry, brick and block work will require tenting in on the exterior elevation of home with propane or gas heat to properly protect masonry while curing
- Oakland Township does not allow any open burning or fires on construction sites

Township offices will be closed for the Holidays on the following dates:

Thursday, November 27th - Friday, November 28th
Wednesday, December 24th - Friday, December 26th
Wednesday, December 31st - Friday, January 2nd

We need your help in developing a Vision for the Paint Creek Cider Mill (PCCM) Building! For those who do not know, Oakland Township owns the building. As such it is up to Oakland Township to determine what the future holds. Three Board of Trustees members (Robin Buxar, John Giannangeli, and Mike Bailey) have volunteered to lead the effort to obtain the Vision that Oakland Township residents have for PCCM. The building is located in Goodison at Orion Road and Gallagher Road. The Historic District Commission is working to establish a historic marker for the building due to its historical significance dating back to 1835. The Board of Trustees has been working to determine ways to restore water into the historic mill race that once powered the majestic water wheel. The building is home to the Parks and Recreation Commission, Historic District Commission, and a concessionaire, among others.

Please tell us what you think the future of PCCM should be. We invite you to contact Robin (rbuxar@oaklandtownship.org), John (jgiannangeli@oaklandtownship.org) or Mike (mbailey@oaklandtownship.org) to give us your input on this Vision for the PCCM. Either call, email, or drop off the following at Township Hall to have your opinion heard.

Are you in favor of the Township making further investments in the Oakland Township owned Paint Creek Cider Mill (PCCM) Building?

- [ ] Yes
- [x] No

If "Yes" what usages and restoration improvements do you prefer be made to the PCCM?

Check those you prefer desirable with 1 being lowest and 5 being highly desired:

- [ ] Community Center (Wedding receptions, parties, club activities)
- [ ] Restaurant, with full service meals offered with views of the Paint Creek
- [ ] Restoration of the water wheel powered by water flowing from the Historic Mill Race
- [ ] On site apple cider pressing and sale
- [ ] Restoration of the deck on the rear of the building for eating and viewing of the Creek
- [ ] Improvements made such that the PCCM becomes the focal point/gem of Goodison
- [ ] Oakland Township Administrative Offices

It's a snow day, too cold to go outside and the kids need something to do. Going to the library would be great but you can't get the car out of the driveway. Well, as an Oakland Township resident, you have a branch of the library on your computer or mobile device.

The Rochester Hill Public Library has an eBranch. You can download ebooks, audiobooks, magazines and music to your computer or mobile device. If you have an RHPL card, you can use the eBranch from wherever you are.

Ebooks and audiobooks can be checked out almost like you were at the library. You browse the catalog, select a book, check it out and read or listen. Just like the library you have access to the book for up to 3 weeks. At the due date, the book is automatically checked in so there are no overdue fines. Devices supported for ebooks include Nook, Nook Color/HD, Kindle, Kindle Fire, Kobo, Sony, iPad, Tablets and Mac or PCs. Also available for the kids is the popular Tumblebooks library. A wide range of music is available through the Freegal service. Songs are in MP3 format and can be loaded into your iPod or other MP3 device. RHPL’s subscription to Zinio gives you access to over 200 popular magazines. You can read craft, cooking, news, outdoor and many other magazines right in your internet browser or download the Zinio Reader app to your iPad, iPhone, Kindle Fire, Nook or Android device.

It's still that snowy day and your middle schooler tells you about a project due in 3 days. He needs to do some research. No problem, the eBranch has an entire reference section featuring homework help, the Grolier Online Encyclopedia, and a very complete virtual reference library. The reference section also includes links to language learning sites, travel guides and genealogy resources.

So before the weather gets bad, familiarize yourself with the RHPL eBranch. It's as close as your computer. Go to www.RHPL.org and click on eBranch. Extensive online help is available to get you started. For those that would like some personal help librarians are available for one-on-one assistance at the eBranch Help Desk, located on the second floor of the library. Call 248-650-7130 with any questions or to make an eBranch one-on-one appointment. At your appointment, one of the librarians will give you an introduction to any of the services you would like to know about and answer any questions you may have about supported devices and software.

The Rochester Hills Public Library is located in downtown Rochester off of University Drive and 3 blocks east of Main Street. The library is open from 9 to 9 Monday through Thursday, 9 to 6 on Fridays and Saturday and 1-6 on Sunday. The library's website (www.rhpl.org) has information on how to register for a card and access all of the library's services.

Oakland Township Historical Society to Host Annual Antique Appraisal Day

Have you ever wondered what your mother’s vintage necklace is worth or how much Grandma’s modern art painting would fetch at auction? The wait is over if you head to the Oakland Township Historical Society’s Antique Appraisal Day on Sunday, Nov. 2 from 12 pm to 4 pm at the Rochester Community House, 816 Ludlow in Rochester and have your items professionally appraised. Ten appraisers will be on hand to share their time and expertise reviewing books, manuscripts, coins, clocks, glass, pottery, china, lighting, furniture, teddy bears, dolls, fine jewelry, Asian art, prints, oil paintings, needlepoint, Native American art and more.

“There are many who wonder if they have something that is worth anything,” said Sue Fox, chairperson of the Oakland Township Historical Society’s Antique Appraisal Day. “I love to see the faces of those who are surprised to find out that their items are, in fact, valuable. We always see such a range of items. We never can tell what will show up to be appraised. The event is a lot of fun, especially for those who assist our appraisers. They’re always amazed at how much they learn about particular items. This event is one of two society fundraisers that truly have something for everyone and we appreciate the support from the public in our efforts to preserve the history of Oakland Township.” Verbal appraisals are $5 per item, while written appraisals are $20 per item. All items are appraised at fair market value. For larger items, simply bring photographs that show the piece you want appraised and any of the item’s detail that may be helpful to the appraiser. Oakland Township Safety Path and Trails News

The Safety Path and Trails Committee (SPTC) strives to build a non-motorized, recreational trail system that provides the greatest benefit to township residents at lowest costs. Using the master plan and established criteria as a guide, the SPTC reviews and recommends trails and pathways that will best serve the township by providing links between destinations such as residential neighborhoods, churches, schools, shopping, and local and regional parks and trails. Safety Paths and Trails in Oakland Township are funded through a millage established in 2006.

SPTC serves as an advisory committee to the Board of Trustees. It includes a representative from the following township boards: Board of Trustees, Planning Commission, and Parks and Recreation Commission. In spring of 2014, to better represent residents, SPTC was expanded to seven members through a decision of the Board of Trustees. The four new members are volunteers who represent different users of our paths and trails including hiking, bicycling and horseback riding. This new, expanded Safety Paths and Trails Committee is actively pursuing several exciting trail connection opportunities throughout the township. Stay tuned for updates!

The Safety Path and Trails Committee generally meets on the first Wednesday of the month in the Paint Creek Cider Mill meeting Room at 5:30 pm.

Citizen comment is always welcome. Please check the township website to confirm time and place or email your comments to Libby Dwyer, SPTC Chairwoman, at studio1234@comcast.net.
