

# Oakland Charter Township

Oakland County, Michigan

## Wetland Inventory Map

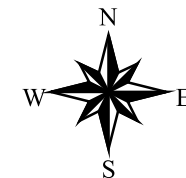

This Oakland Township Wetlands Inventory Map is intended to be used as one tool to assist in identifying wetlands and provide only potential and approximate location of wetlands and wetland conditions.

This map is not intended to be used to determine the specific locations and jurisdictional boundaries of wetland areas subject to regulation under Part 303 Wetlands Protection of the National Resources and Environmental Protection Act, 1994 PA 451, as amended. Only an on site evaluation performed by MDEQ in accordance with Part 303 shall be used for jurisdictional determination. A permit is required from the MDEQ to conduct certain activities in jurisdictional wetlands.

This map was developed from the following data obtained from other agencies and organizations.

- 1) The National Wetlands Inventory (NWI) conducted by the United States Fish and Wildlife Service through interpretation of aerial photos and topographic data.
- 2) Land Cover as mapped by Michigan Resource Information Systems (MiRIS), of Michigan Department of Land and Natural Resources through interpretation of aerial photographs.
- 3) Soils as mapped by the U.S. Department of Agriculture, National Resource Conservation Service (NRCS).
- 4) Field inspection throughout various areas of the Township by Dr. Eugene Jawaorski.

Prepared February 2003  
by Dr. Eugene Jawaorski - J & L Consulting,  
Inc. and Williams & Works.
